DIRECTOR OF CENTRAL INTELLIGENCE

Weapon and Space Systems Intelligence Committee

19 December 1985

MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM: Chairman

SUBJECT: The WSSIC Critical Intelligence Deficiencies
                   Report

25X1

1. During the 4 December meeting of the Committee chairmen, you requested that the WSSIC prioritize the deficiencies identified in our 1985 Critical Intelligence Deficiencies report. I offer the following alternate approach to this request.

25X1

2. The WSSIC is now updating the Critical Intelligence Deficiencies report as part of the preparations for its annual publication in spring of 1986. We plan to improve the report by developing more specific and concisely described deficiencies and by including more recommendations on possible approaches for solving the deficiencies. In addition, the WSSIC will prioritize the 20 most critical deficiencies for inclusion in the report. I believe an updated report that incorporates these improvements will more effectively serve the needs of the Community.

3. I appreciate your interest in the WSSIC report and will comply with your recommendations. With your approval of the suggested alternate approach, we will expedite the preparation of the 1986 deficiencies report.
